

CANCER RESEARCH AT MOFFITT (FACCA ATTENDEES)

[Kathleen Egan, ScD](#)

Research Program: Cancer Epidemiology

Email: kathleen.egan@moffitt.org

- The examination of genetic and lifestyle determinants of risk in melanoma, breast cancer and tumors of the brain
-

[Martine Extermann, M.D.](#)

Research Program: Senior Adult Oncology

Email: martine.extermann@moffitt.org

- Comorbidity and tolerance to treatment by older cancer patients
-

[Anna Giuliano, Ph.D.](#)

Research Program: Cancer Epidemiology

Email: anna.giuliano@moffitt.org

- HPV natural history and progression to cancer
 - Newly identified viruses and cancer
 - Evaluation of vaccine approach to cancer prevention
-

[Conor Lynch, Ph.D.](#)

Research Program: Tumor Biology

Email: conor.lynch@moffitt.org

- Bone metastases
 - Breast/Prostate cancer
 - Multiple myeloma
 - Tumor microenvironment
-

Cathy Meade, Ph.D.

Department: Health Outcomes & Behavior

Research Program: Health Outcomes and Behavior

Email: cathy.meade@moffitt.org

- Focus is Community Participatory Research
 - Health Literacy
 - Health Disparities
 - Cancer Interventions
 - Education/Training
-

Jennifer Permuth, Ph.D.

Research Program: Cancer Epidemiology

Email: jenny.permuth@moffitt.org

- Molecular epidemiology of gastrointestinal malignancies
-

Tom Sellers, Ph.D., MPH

Center Director

Email: thomas.sellers@moffitt.org

- Epidemiology
-

Keiran Smalley, Ph.D.

Department: Research Administration

Research Program: Tumor Biology

Email: keiran.smalley@moffitt.org

- Targeted therapy
 - Melanoma
 - Tumor/host interactions
-

Dan Sullivan, M.D.

Associate Center Director, Clinical Science

Email: dan.sullivan@moffitt.org

- Early Phase Clinical Trials
